The attached letter was delivered to Angus Thuermer's office. I believe it appropriate that the Office of Logistics should respond since Mr. Beer is interested in information on how independent contractors submit project proposals.

Gentlemen:

Would you kindly send me instructions as to how to go about submitting a proposal on behalf of a client company for:

1. An intelligence gathering research project;
and,

2. A product development project, for a product that could be useful in intelligence operations.

What are the methods and procedures for obtaining approval and funding for projects proposed by an independent contractor?

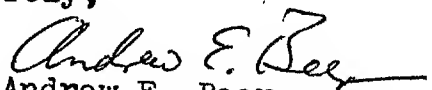

Could you furnish me with a copy of the Central Intelligence Agency Act of 1949 and any other pamphlets or instructions that would be useful for an independent contractor in submitting project proposals?

Might I make contact with someone from your [redacted] office for the purpose of asking questions and getting some guidance in putting the proposals in the appropriate format?

In the event you require some information about myself, I am enclosing herewith a Brief Resume.

Thank you.

Sincerely,

Andrew E. Beer
